

12-16 July 2021 | An Online Workshop

# SATCON2

Toward the Implementation  
of Mitigations to Minimize  
the Impact of Satellite  
Constellations on Astronomy

[noirlab.edu/satcon2](https://noirlab.edu/satcon2)

**Co-chairs:**

Jeffrey Hall (Lowell Observatory)  
Constance Walker (NSF's NOIRLab)

SATCON2 is funded by the NSF and hosted  
by the NSF's NOIRLab and the AAS

The background image shows the double star Albireo in Cygnus and was taken on 26 December, 2019. Two out of ten 2.5-minute exposures recorded Starlink satellites moving across the field. Credit: R1 Observatory - Schmall Rafael - Zselic Star Park
